

### COMPOSITION OF GRADUATE & POST GRADUATE STUDENT ROSTER

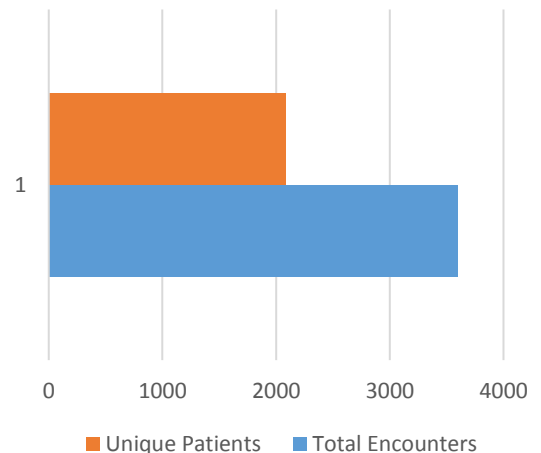

### Primary Care vs. Health Screenings

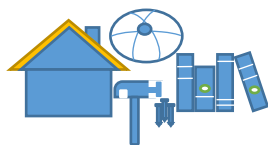

If the MOC did not exist, how likely would you be to go to the emergency room for your current health issue?

### Patients: Unique vs. All Encounters

As of December 5, 2018

**1303** Individuals have completed MOC's **Social Determinants of Health** assessment as a part of their clinic visit.

As of December 5, 2018

**57%** Of closed care coordination case files were marked as **"Improved/Success"**
